SEASON

ACKNOWLEDGEMENT

dance Immersion's work is centred in Tkaronto.

We **GIVE THANKS** for the many blessings that have enabled us to gather here.

We **GIVE THANKS** to the ancestors for the path they have paved and for the protection and guidance they continue to offer as we journey forward.

We **GIVE THANKS** to one another knowing that we can only do what we do by working together respectfully and peacefully.

We acknowledge that the land we gather on is the traditional territory of many nations including the Mississaugas of the Credit, the Anishnabeg, the Chippewa, the Haudenosaunee and the Wendat peoples and is now home to many diverse First Nations, Inuit, and Métis peoples. This includes the many peoples, named and unnamed, who have stewarded this land before our arrival.

The territory is the subject of the Dish with One Spoon Wampum Belt Covenant, an agreement between the Iroquois Confederacy and the Ojibwe and allied nations to peaceably care for and share the resources around the Great Lakes.

We are Treaty Peoples, including those of us who came here as settlers – either in this generation or in generations past – and those of us who came here involuntarily, particularly as a result of the Trans-Atlantic Slave Trade.

We are grateful to be able to share this space with so many knowledge-keepers, including the courageous artists with whom *dance* Immersion collaborates every day.

WELCOME TO DANCE IMMERSION'S 2024-2025 SEASON!

For our exciting 2024-2025 season, we are bringing you events exemplifying the diversity of interdisciplinary movement expressions from African Diasporic artists across Canada.

Dance, music, theatre, spoken word, visual and digital media: The artists presented in our new season move beyond the inessential borders drawn between art forms to tell our stories, provoke thought, and move us forward.

In addition to mainstage presentations, educational gatherings, new community co-presentations, and online connection activities, we are bringing back dance Immersion's Showcase Presentation, as well as more afternoon matinée performances for greater accessibility to the shows.

We also have a new partnership program with Tarragon Theatre to provide shared creation and professional development opportunities for dance and theatre artists to help invigorate and strengthen our storytelling practices and build bridges between forms.

Finally, we present *dance* Immersion's THRIVE! THRIVE is a video mentorship toolkit designed to provide dance career insights to all emerging dance artists. This essential online toolkit will be available in the fall of 2024, and provides tips, insights, and stories from Black dance artists practicing in Canada on The Business of Dance, Support Systems for Dance Artists, Crafting & Developing a Dance Work, Working with Collaborators, and Community & Self-Care.

Welcome to *dance* Immersion's 2024-2025 season!

As we begin our next 30 years, a reminder of our renewed mission is on the back page. We look forward to exploring, learning, and moving with you.

Black & Rural: Shayna Jones & Pi Theatre

Toronto Premiere!

Presented by *dance* Immersion

Hosted by Tarragon Theatre, Toronto

» November 20 – 22, 2024, 7:30 PM

Black & Rural is an artistic inquiry into the hearts and minds of Black folks tucked away on Canada’s countryside. Project lead, Shayna Jones, aims to seek out, honour, and showcase stories from rurally based Blacks (like herself) to nuance and challenge the monolith of what matters to Black Lives. Created and performed by **Shayna Jones** and produced by **Pi Theatre**, *Black & Rural* weaves spoken word, movement, music, and verbatim theatre together in a spellbinding performance that is resonating across the country.

A Black & Rural Community Workshop & Performance Retreat at Adinkra Farm

including travel to **Adinkra Farm in New Lowell, Ontario**.

PRESENTATION & EDUCATION

DJATA: CONVERSATION OF THE MANDEN (Excerpt): Aly Keita

Venue: Meridian Arts Centre Studio Theatre & Upper Gallery, North York

» Friday, February 7, 2025 @ 7:30 PM – Workshop

» Saturday, February 8, 2025 @ 8:00 PM – Excerpt Presentation & Discussion

Presentation: In this duet work-in-progress showing, Aly draws inspiration from the Manding epic, one of the most significant founding narratives of West African oral traditions, dating back to the 13th century. In this piece, he focuses on the central character, Soundjata Keita, and the segment of the legend known as the “Awakening of the Lion.” Through his dance—acrobatic and percussive—Aly embodies the messages conveyed by the griots’ sung tales, while also reflecting his personal journey in a continuous dialogue between strength and vulnerability. *dance Immersion* will present the full version of this piece with additional cast members, in the 2025-2026 season.

Discussion: In this extended post-performance discussion designed to enlighten participants on deepening musical practice through movement, Aly discusses his musical creative process is composite: he shapes the sound environment while developing his movements, creating a loop where music and dance respond to each other.

Workshop: **African rhythms and melodies in action – a bodily experience.** Aly Keita uses exercises in singing, dancing, and physical coordination to develop rhythmic awareness, encouraging participants to feel and express rhythm and melodies in their bodies.

PRESENTATION

BOW'T TRAIL Retrospek: Rhodnie Désir Créations

Harbourfront Centre Theatre, Toronto

» Friday, April 4, 2025 @ 11:00 AM & 8:00 PM

» Saturday, April 5, 2025 @ 8:00 PM

Following our 2023 Toronto presentation of the studio excerpt of this work, we are proud to present the stunning full-length BOW'T TRAIL Retrospek in April 2025. Since 2015, Rhodnie Désir has been exploring the Americas in search of Afro-descendant cultures, including Martinique, Haiti, Brazil, Mexico, Halifax and New Orleans. The choreographer, driven by a desire and a need to transcend her origins, has been immersing herself in the African cultures and rhythms of the peoples who were taken to these lands. The resulting performance piece, BOW'T TRAIL Retrospek, is a conversation between the present and the past, channeled through the body of Rhodnie Désir, in which more than 130 testimonies collected on lands of the Americas still reside. In this award-winning interdisciplinary work, Désir transcends polyrhythmic and majestic textures and sonorities while her body is mysteriously enveloped by video projections and plural memories connecting the audience to the universe of her travels. She is accompanied on stage by two maestros: Engone Endong and Jahsun. The matinée is presented in partnership with DanceWorks.

INCUBATION & PROFESSIONAL DEVELOPMENT

Dance/Theatre/Music!

dance Immersion will be a company in residence at Tarragon Theatre beginning in the 24-25 Season!

Tarragon Theatre is a creation and playwrights theatre. We seek to create theatre that investigates artistic form, from non-traditional practices and methods of storytelling, to movement, music or non-text-based performance - all toward creating enriching and provocative theatre experiences. Equally a hub for creation, development and education - Tarragon is Canada's Neighbourhood Theatre.

Within this interdisciplinary partnership:

- Tarragon Theatre will host presentations curated by *dance* Immersion at its wonderful Toronto venue
- *dance* Immersion and Tarragon will periodically develop and produce co-curated new works by local artists, and
- Our two organizations will collaborate on an exciting new shared professional development program for dance and theatre artists.

Our first such professional development program is **DTM Creation Lab**, a two-week paid creation residency that will provide four artists with dramaturgical, musical, and choreographic mentorship and development space. **DTM (dance/theatre/music) Creation Lab** will foster cross-disciplinary collaboration, spark inspiration, and create shared insights and experiences between dance and theatre artists that help build meaningful, career-changing connections. The two-week intensive will culminate in an In-Studio Showcase of the artists' works-in-progress.

DTM Creation Lab will run from **June 16 through June 27, 2025** with resident artists selected from an open call in early 2025.

dance Immersion began in 1994 with a determined Vivine Scarlett working to create more opportunities for Black dance to enrich communities and be enjoyed across Canada. Today, and every day since, *dance* Immersion recommits to supporting the strength, beauty, diversity, and contributions of African Diasporic dances.

We have produced 75 stage and studio presentations, over 300 educational events, and directly served more than 2,000 Black Canadian dance artists to date. Many artists we have supported have gone on to create their own dance companies, receive international performance opportunities, and gain new skills that have propelled their careers forward. We are privileged to have collaborated with so many artists whose testimonials echo the sentiments that while each greatly appreciates opportunities to work with all presenters, it is through working with *dance* Immersion that they feel understood, respected, and championed.

We thank you in advance for your partnership in sharing the joy, wisdom, and healing of dance, especially African Diasporic dance forms that continue to influence, inspire, and push cultures forward as they are practiced and enjoyed internationally.

Vision: To bring opportunity and inspiration through dance.

Mission: *dance* Immersion advances and connects communities through producing, promoting, and supporting dancers and dances of the African Diaspora.

We provide our services via three interconnected platforms:

- Presentation of dance works to the public
- Incubation of choreography by emerging and established artists
- Education for artists and communities of all ages.

This work is all part of our expanding role as a home for the production of exceptional new Black Canadian dance works.

Artistic Vision Statement: *dance* Immersion's curatorial and programming practice is driven by the rhythm cultures that continue to be developed around the world by African and African Diasporic artists. We present performance works and educational and mentorship programs that embody the fluidity of the past, present, and future, viewing a connection to cultural traditions as a grounding base from which contemporary expression can take root to fly. Our work connecting people is founded in the intergenerational nature of learning, sharing, and community. We platform artists with a view of passing on wisdom through art, and our medium is dance. May everyone touched by our work dance to the music of these universal rhythms.
